

Logs	
CAL	caliper log
COAL	Coal Quality Log (high resolution bulk density and gamma ray logs)
DEN	Density log
DIP	Dipmeter log
DIR	Directional log/survey
ECS	Elemental Capture Sonde
EL	electric logs (induction, resistivity, or conduction)
FRAC	Fracture Identification log
GR	Gamma Ray log
Lith	Lithology log
N/D	Neutron Density log
NEUT	Neutron log
SON	Sonic log
SP	self-potential log
TEMP	Temperature log

Documents	
DrillersLog	Driller's log (text)
Form	Forms; typically ADEM new well form
LabResults	Lab analyses related to the sample(s).
Letter	Correspondence related to the well or sample
Map	Maps related to the well/corehole
Notes	Miscellaneous notes related to the well.
PumpTest	Pump test (table or graph) for well.
SampDesc	Sample description (text or graphic)
TS_Desc	Description related to thin sections and/or photos

For logs, forms, drilling reports, and other documents related to Alabama OGB permitted wells, see the well database (<https://www.us.ogb.state.al.us/ogb/wells>)
